Hi Sean and Davis,

We just finished a three-point composite sample on SG-B307 on seven attempts. The location is at river mile 9 on the east side of the river. Please see the attached photos for details.

Photo 1: Sediment from attempt 2.

Photo 2: Sediment from attempt 6.

Photo 3: Sediment from attempt 7.

Photo 4: Collected samples prior to composition.

Please let me know if you have any questions.

Sincerely,

Joe Guggenberger, PhD, PE

Environmental Engineer

CDM Smith
